

Ammeraal Beltech

Innovation & Service in Belting

Welcome to Ammeraal Beltech

Who we are

Ammeraal Beltech is a world leading manufacturer of process and conveyor belts for an diverse range of applications in nearly every major industry.

Our aim is to be the recognized leader everywhere we do business. To help achieve that goal, our international growth and expansion programme has brought some of the top brands in belting into our group.

Our products and services are available directly and through partners in more than 150 countries. We have production plants in six countries and 26 operating companies worldwide, each with their own local customer service network. More than 2,000 employees in over 80 service centres provide standard and tailor-made solutions together with on-site service, often on a 24-hour-a-day basis.

Our brands

Our Focus Industries

Solutions for all kinds of applications

From breakfast rolls to the evening newspaper, from suitcases to sports cars, almost every product is conveyed by belts at some point during its life cycle.

Ammeraal Beltech products are at home in nearly every industry, often in critical applications. Through our unique combination of experience, market expertise and engineering know-how, we are able to provide the right belting solutions for nearly all industry sectors, including:

- Food
- Airports
- Logistics
- Mail sorting
- Tobacco
- Paper & Print
- Textiles
- Wood
- Tyre & Rubber
- Automotive
- Metal

Products

The largest product range worldwide

Whether it is an antimicrobial conveyor belt for the Food Industry or a flame-retardant product for use in baggage-handling at an airport, Ammeraal Beltech has the product to meet the toughest customer needs and the most stringent industry requirements.

Our comprehensive range is built around eight product groups:

1. Process & Conveyor Belts
2. uni-chains Modular Belts
3. Rapplon® High Performance Flat Belts
4. Timing Belts
5. Endless Woven Belts
6. Engineered Belts
7. Peak PTFE and Silicone-Coated Belts
8. Soliflex Homogeneous Belts

Innovation & Service in Belting

Innovation

In every industry, improvements in production mean new process solutions have to be found. Working together with our customers and with leading research institutions, Ammeraal Beltech has developed many different conveying concepts.

Within our purpose-built R&D centres, we are continuously optimizing and improving our products. We work to meet new challenges, such as higher operating speeds and temperatures, increased cleanability and durability, and ever more stringent standards of hygiene and safety.

Our sales engineers have the technical proficiency to develop a belt that performs under the most challenging operating conditions. What's more, because Ammeraal Beltech manages every aspect of the belting quality – from fabric to final fabrication – we are confident in our ability to deliver the right belt for the right job.

Service

We understand the importance of keeping business operations running smoothly and we know how costly and disruptive down-time can be. That is why we offer a local service network that is often available around the clock. Our skilled and experienced personnel are on call to install and service the entire range of the Ammeraal Beltech product portfolio.

In addition, we ship most orders directly from the extensive stocks we maintain. If requested, we can even dispatch orders on the same day by express delivery.
